PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience building responsive, scalable web applications using modern JavaScript frameworks. Skilled in React.js, Next.js, TypeScript, and modern UI technologies. Experienced in translating Figma designs into reusable components, integrating REST APIs, and optimizing web performance. Passionate about creating accessible, user-focused interfaces and collaborating with cross-functional teams in agile development environments.

TECHNICAL SKILLS

Frontend Development: React.js, Next.js, JavaScript (ES6+), TypeScript

UI Technologies: HTML5, CSS3, Tailwind CSS, Bootstrap

Web Development: Responsive Design, Component Architecture, REST API Integration

Tools & Workflow: Git, GitHub, Agile Development, Figma Collaboration

Optimization: Web Performance Optimization, Accessibility (WCAG), Cross-browser Compatibility

PROFESSIONAL EXPERIENCE

Frontend Developer — NaijaCodePadi

Nov 2022 – March 2025

- Developed and maintained responsive user interfaces using HTML5, CSS3, and JavaScript.
- Built reusable and scalable React.js components to improve development efficiency and maintainability.
- Collaborated with designers and backend developers to translate Figma designs into functional web interfaces.

- Integrated RESTful APIs for dynamic data rendering and seamless user interactions.
- Improved accessibility standards and ensured cross-browser compatibility across applications.
- Used Git and GitHub for version control, collaborative development, and code reviews.

Frontend Developer Intern — Mujteknify Limited

Jul 2025 – Present

- Built responsive frontend interfaces using React.js, Tailwind CSS, and TypeScript.
 - Collaborated with cross-functional teams to implement modern UI components and layouts.
 - Converted design prototypes from Figma into responsive production-ready code.
 - Ensured performance optimization and accessibility across different devices and browsers.
-

PROJECTS

Dlaw Chauffeur Services — Corporate Web Application

- Developed a modern corporate chauffeur services website using Next.js.
- Implemented responsive, mobile-first UI for premium service branding.
- Designed service, fleet, and booking sections to improve user conversion.
- Integrated Google Maps and WhatsApp click-to-chat for customer engagement.
- Implemented SEO-friendly metadata and optimized site performance.

Live Demo: <https://dlawchauffeurservices.vercel.app>

GitHub: <https://github.com/patrickaondona/dlawchauffeurservices>

Shiloh World Chapel — Church Web Application

- Developed and deployed a responsive church website with modern UI/UX design.
- Built scalable components using React.js, Tailwind CSS, and TypeScript.
- Structured content architecture for sermons, events, and ministries.
- Applied SEO optimization and performance improvements.

Live Demo: <https://www.shilohwordchapel.org>

GitHub: <https://github.com/MUJTEKNIFY-LIMITED/shiloh-world-chapel>

ShareAm — Desktop Messaging Application

- Built a real-time desktop messaging application supporting voice and video communication.
- Implemented screen sharing and recording functionality.
- Developed using JavaScript, HTML, CSS, and Node.js.

GitHub: <https://github.com/NaijaCodePadi/ShareAm>

Drum Pad — Interactive Web Application

- Developed a browser-based drum machine with keyboard-triggered sound interactions.
- Implemented animated UI components to improve user experience.

Live Demo: <https://drum-pad-alpha.vercel.app>

Palindrome Checker — Web Application

- Built a lightweight web application that validates palindromes for words, phrases, and numbers.
- Implemented clean logic and responsive UI design.

Live Demo: <https://palindrome-checker-five-ruddy.vercel.app>
